# Close the loop with the world's first recycling service for paper hand towels

Tork PaperCircle® is a complete solution to reduce your waste and **cut your carbon footprint for paper hand towels by 40%<sup>1</sup>**, showing your dedication to sustainability to your employees and visitors.

## How Tork PaperCircle® works

Our dedicated team supports you throughout setup, implementation and ongoing use to ensure your transition to a circular economy is smooth and efficient.

Your visitors and employees use the restrooms as usual, but throw their paper hand towel in a separate bin after drying their hands.

Cleaners empty the bins as usual but keep the hand towels separate on the trolley.

Our recycling partner collects the paper hand towels and brings them to the local Essity mill.

The Essity mill recycles the paper hand towels into new tissue products.

Your used paper hand towels are put back into the loop as new tissue products.

# Microfibres

Microfibres are very fine so that they have a lot of surface area, which increases the absorbency. Gaps between split fibres in our Microfibre cloths create pockets, which easily pick up dirt and dust and are also fine enough to pick up microbes. When woven together into a textile cloth, microfibres create a cloth with excellent and efficient cleaning properties.

### Self-service with napkin dispensing systems

When customers dispense their own napkins, refilling, waste management and storage need to be effortless, easy and convenient.

### Full-service with single-serve napkins and tableware

The quality feel of your table setting is one of many important things that creates a restaurant's ambiance.

# Match your dish with the perfect color

Did you know that colors can have an important impact not only on how guests perceive a restaurant, but also on how they experience the taste and aroma of a dish? Pairing your food with the right color is a great opportunity to bring every course to life, ultimately improving the entire guest experience.

To help our customers create unique dining experiences, we teamed up with food stylist and chef Linda Lundgren, whose clients range from high-end restaurants to the international food industry and gastronomic magazines. Linda composed a course to go with each of the four latest napkin premium range colors for TorkLinStyle®.

Use our color wheel, based on our LinStyle® napkin range for inspiration on how to use colors to enhance flavors and fulfill the potential of every plate you create.
